|-----|--------------|--|
| 11. | 31 May       | Radio 1 launched the "World Cup Specials", providing professional commentary on all the matches. Together with Putonghua Channel, feature stories about the players from Hong Kong, Mainland China, and Taiwan were produced.                  |
| 12. | 7 June       | Public Affairs Unit will produce the "HK Humanity Award Prize Presentation" (「香港人道年獎」頒獎禮) to raise the public's awareness towards humanity through the awardees' role modelling.   |
| 13. | 20 June      | Radio Division will conduct an internal "2013 Radio Awards Presentation Ceremony" to honour those colleagues who won various programme awards in international or local radio programme competitions in the past year and as a morale booster. |
| 14. | 23 June      | Radio 1 will participate in the "Occupational Health Workplace Hygiene Charter 2014" (職業衛生約章 2014) to promote and safeguard healthy and hygienic workplaces.   |
| 15. | 23 & 30 June | Radio 4 will produce "Match Making" to provide a platform for emerging music performers to meet veteran composers for sharing of experiences in music performance and appreciation.  |
| 16. | 27 June      | Cultural and Education Unit will produce the "7 <sup>th</sup> HK Book Prize Presentation Ceremony" (「第七屆香港書獎」頒獎禮) to continue its commitment to raising the literary interest among the community.   |
| 17. | 28 June      | Radio 2 will launch its annual "Solar Project 2014" with the main theme on fighting drugs (太陽計劃「同行抗毒啟動禮」2014).   |

## B. TV Programmes

| No. | Date        | Items  |
|-----|-------------|--|
| 1.  | April - May | The four episodes of “Meteorology Series IV” (氣象萬千 4) analyses the cause and effect of extreme weather in depth. The exploration covered faraway places like the distant Greenland and Lesotho in the southern part of Africa, as well as neighbouring countries such as the Philippines and Vietnam. The focus will finally rest on the implications for Hong Kong. Meteorologists also analysed the relationship between the development of human civilization and its impact on the nature. |
| 2.  | May         | “Our Family Doctors” (我的家庭醫生) is a new drama series. Through 5 stories of the family doctors, medical information will be introduced to the audience.  |
| 3.  | May         | “The Neighbourhood” (同里有親) is a situation drama which reflects social issues.  |
| 4.  | May         | "In Conversation" is a new English talk show, hosted by Stephen Davies, hoping to get beyond the single issue interview. The guests come from any walk of life and the show will bring out many dimensions of their experience through conversations that may sometimes be challenging or revealing and do not necessarily follow the standard question and answer format.   |
| 5.  | May         | “Arts On Air (演藝盛薈): Masterworks” featured performances of cellist Sol Gabetta and musician Vladimir Ashkenazy.  |
| 6.  | May         | The eight-episode programme “Hong Kong Pioneer” (700 萬人的先鋒) features interviews with eight groundbreakers in different domains, including Raymond Chow, Danny Yung, Joseph Sung, Chong Chan-yau, Yuen Siu-fai, Stephen Fisher, Anthony Wong and Francis Ngai, who give an insights into how they consider themselves as pioneers.  |
| 7.  | June        | “Chic China” (萬象潮中 2.0) is a series with 6 episodes, with each focuses on one mainland city. From the trendy point of view, the latest and finest things in the living culture of a particular city, including food, fashion, living, transportation, music, art, architecture and design, will be explored.   |
| 8.  | June        | “Men from Mars” (來自火星的男人) talks about the pain and joy of being a man.   |

### C. New Media Unit
